

CENTERVILLE WINS HONORS

LOCAL BOYS PUT A FEW OVER ON THEIR COMPETITORS, WINNING MOST THE DAYS EVENTS

An event to be remembered by the people of this end of the county has been recorded in athletic history. On last Saturday afternoon before a crowd of over a hundred and fifty persons, the track and field meet of the central Alameda Athletic League was won by Centerville with 80 1-3 points; Livermore second with 23, and Hayward third with 20 2-13. Centerville secured first place in all but two events, the 220 yard hurdles and the high jump. In only the 220 hurdles did they fail to get a place.

In some of the events good records were made to mark the first C. A. A. league meet. Falk (C) won the hundred yard dash in 10 2-5 seconds, Trimmingham won the 440 in 59 seconds, the relay was run in 1.41, Bettencourt (C) threw the hammer 112 feet 5 inches, the pole vault was won by Falk at a height of 10 feet, Trimmingham won the broad jump at a distance of 19 feet 7 inches.

Falk was the star of the meet, winning the 100 yard dash pole vault and his heat of the 220 yard dash, and running the last lap of the relay. This he did in fast enough time to overcome a handicap of fifteen yards, and beat Sweet, the crack sprinter of Livermore, by five yards at the finish.

Long did the most scoring for Hayward. He got first place in the 100 yard dash, at 5 feet 4 inches, second in the shot put and third in the hammer throw.

Sweet of Livermore made eleven points, getting first in the low hurdles and second in both pole vault and 440 yard dash.

Trimmingham set up a record of 19 feet 5 inches in the broad jump, which will probably stand for some time, besides winning the 440 yard dash and half mile run.

Pearce ran a game race in the half mile. He set a killing pace the first lap and a half, stayed at the front during the rest of the race until he was barely nosed out at finish by his team-mate Trimmingham. It was due to his pace that Strickler of Livermore was killed off at the first and prevented from getting a place.

The winners of the various events are as follows:

100 yard dash—won by Falk (C), Henry (L) second, George (C) third; time 0.10 2-5.

440 yard dash—won by Trimmingham (C), Sweet (L) second, Bonner (C) third; time 0.59.

120 yard hurdles—first heat won by Hafner (C), time 0.21; second heat won by Orpin (C), time 0.20; third heat won by Jacobus (C), time 0.22. No finals.

Half mile run—won by Wilkinson (C), Bonner (C) second, Parsons (H), third; time 5.27.

220 yard dash—first heat won by George (C), second heat won by Falk (C), third heat won by Hafner (C). No finals.

Half mile run—won by Trimmingham (C), Pearce (C) second, Wilkinson (C) third; time 2.22.

220 yard hurdles—first heat won by Spear (H), second heat won by Sweet (L), third heat won by Hafner (C). Final heat won by Sweet (L), Spear (H) second, Hafner (C) disqualified for running around the hurdle; time 0.34.

12 pound hammer throw—won by Bettencourt (C), Alsford (C) second, Long (H) third; distance 112 feet 5 inches.

Pole vault—won by Falk (C), Sweet (L) second, Jacobus (C) third; height 10 feet.

High jump—won by Long (H), Concannon (L) second, Pearce (C) third; height 5 feet 4 inches.

12 pound shot put—won by Bettencourt (C), Long (H) second, Horton (L) third.

Broad jump—won by Trimmingham (C), Spear (H) second, Jones (H) third; distance 19 feet 7 inches.

BOLD ROBBERY IN TUNNEL AT NILES

Manuel Cabral was held up by two men in the tunnel under the Southern Pacific railroad Tuesday evening and robbed of \$220 and a gold watch. Cabral had come in from the city on the eight o'clock train and was on his way home at the time. Cabral noticed a stranger walking just ahead of him as he was passing the postoffice. As they reached the tunnel Cabral turned to go under and the stranger apparently started to go on past the laundry. Before Cabral had passed through the tunnel, he was seized by the stranger while a pal who was lying in wait at the tunnel also rushed upon him. Cabral started to make an outcry but he speedily found a revolver poked into his face while his pockets were searched. Cabral offered resistance but he was struck in the face and forced to yield up \$220 of his hard earned cash and his gold watch. The robbers then made their escape through the church lot. Cabral hurried back to town and reported the robbery and in a few moments Constable Roderick had men out in every direction trying to apprehend the robbers. Word was also sent to the officials in the surrounding towns.

It has been reported that the men were tracked to the Western Pacific depot where they purchased tickets for Pleasanton. On their arrival they tried to hire a horse and buggy from one of the livery stables but because of their appearance were refused. It is also reported that they stole a rig and made their get-away.

Local Notes

The Press office acknowledges the receipt of a slide of delicious strawberries from the Niles Strawberry farm of Driscoll Bros. The berries which are the celebrated Banner variety, for size and delicacy of flavor, certainly have no equal in this part of the State.

The reading circle met last Monday. The study of Ireland was the work for the day and proved to be most interesting. Mrs. W. B. Kirke gave a splendid paper on the life and works of Charles Dickens. Mrs. F. Hudson read Byron's Eulogy to the Greeks.

Rev. B. L. Britton, former pastor of the Presbyterian church of Belvidere, Illinois, has received a call to the Fourth Congregational church of Oakland. Rev. Frederick Marr's recent pastorate. Rev. Marr found it necessary to give up his work, owing to ill health. For many years

his foot on a hurdle and fell. He hurt his right arm and right leg and was unable to take part in the other events in which he was entered. Spear of Hayward tripped on a low hurdle in the finals but got up and finished the race. He was given second place because Hafner was disqualified. He deserved to have won for when he fell he was well in the lead and was doing the hurdles clean.

THE NEW ORDINANCE MUST BE ENFORCED

The recent ordinance passed by the board of supervisors regarding the cleaning of the streets and alleys, has been posted throughout our town. The chamber of commerce recognizing the importance of this ordinance, and believing it to be to the best interests of the community to have it carried out, have appointed inspectors to enforce it. We hereby call upon our citizens to pay attention to this notice and clean up their streets and alleys opposite their own property and we hope and believe that after this notice no more severe measure will be needed.

Let all bear in mind that this law will be enforced. The Southern Pacific have instructed their employees to notify all persons who are dumping anything or tying cows or horses on their right of way to discontinue the same. All cows or horses found on their property hereafter will be put in the public pound, and the chamber of commerce have been requested to assist the Southern Pacific employees in enforcing this order. By order of Committee.

DR. AKED WILL SPEAK IN CENTERVILLE

At a meeting held on Thursday evening, the trustees of the Union High School decided to hold the graduating exercises in Centerville. If it can be so arranged with the speaker, Dr. Aked, the exercises will be held on Thursday afternoon at two o'clock, on the high school grounds. If Dr. Aked cannot come for that hour, the exercises will be held in the Centerville town hall on Thursday evening, commencing at 8:15 o'clock. The doors will not be opened until 7:45.

The following is the program. Invocation, Violin Solo, Mrs. F. A. Dew, Vocal Solo, Miss Anderson, with violin obligato by Miss Isabel White.

Address, Dr. Aked; Presentation of diplomas, Mr. F. T. Hawes; Violin solo, Mrs. Dew.

The retired pastor has devoted his energy to upbuilding of the parish and it is with keen sorrow that his people bid him farewell. Rev. Marr was the beloved pastor of the people of the church in Niles for a number of years.

Among those who went down to attend the Commencement at the U. C. on Wednesday were Mrs. Chittenden, Mrs. Scofield, Mr. and Mrs. H. A. Mayhew, Mrs. J. Shinn, Mr. and Mrs. R. H. Hunt, Mr. and Mrs. Mosher, Miss DeCora, Miss Helen Dew.

Miss Winnifred Hunt and Miss Edith Mayhew are members of the graduating class at the U. C. this year.

Miss Ruth Shinn, who has taken a leave of absence from the U. C. attended the exercises Wednesday, having come down from North Fork last week.

Mrs. Mendell and little daughter, Elizabeth, are guests at the Belvoir.

Many Niles people were guests at the Arbor Day celebration at Anderson last Saturday.

Mrs. Frank Hamilton of San Jose was a guest at the home of Mrs. H. A. Mayhew, Monday and Tuesday.

Splendid progress is being made on the Mosher bungalow.

Mr. and Mrs. Frank Hurd and their baby daughter have taken up their residence in their new home.

Mrs. Scofield visited in Oakland and Berkeley from Friday until Wednesday.

Mrs. Haley of Newark, who is the only representative of the Country Club at the Federation meeting at Long Beach reports a most delightful time.

Mrs. Helen Turner of Centerville, entertained the Bridge Club at Sycamore Farm on Monday. An elaborate luncheon was served by the hostess and a pleasant afternoon was enjoyed.

CHAMBER OF COMMERCE GOES THROUGH ROUTINE

The Niles Chamber of Commerce held one of its enthusiastic meetings last Tuesday evening, the occasion being especially enlivened by a strong delegation of Irvington men who wished to present the advantage of Maple Hall as the most appropriate place for holding the commencement exercises of the Union High School this year. Owing to the fact that Dr. Aked of the First Congregational church of San Francisco is to deliver the commencement address it is feared that the old town hall in Centerville will be inadequate to accommodate the large audience that will gather from all over the township to hear the world renowned speaker. For this reason the Irvington Chamber of Commerce has offered the use of Maple Hall which has the largest seating capacity of any hall in the township. The delegation from Irvington consisted of T. J. Power, J. E. Wamsley, T. D. Witherly, C. A. Cummins, Shelton Sanford, O. N. Hirsch, E. N. Babb, Dr. L. S. Anderson, G. W. Emerson, and K. F. Reynolds.

After listening to the representatives the Niles Chamber went on record as favoring Maple Hall owing to the likelihood of an unusually large audience being present this year.

The question of a garbage dump for Niles occupied much of the time of the meeting without resulting in a definite solution of the question. The Chamber is anxious to secure a suitable dump for the mass of tin cans, wire and other rubbish that can not be burned, but does not favor dumping into the creek bed owing to the trouble that may be caused to the California Material Co. The Chamber decided to urge the various householders to dispose of their collections of cans, etc., the best they can until a proper site can be obtained.

C. Runckel of the committee on

transportation reported the plan for asking the Southern Pacific to inaugurate a motor car service between Niles and Redwood City, joining the two main lines of the company the other side of the bay. Centerville and Newark have also adopted a similar petition which will be presented to the railroad company this week by H. M. Toy of the Newark Development company.

The presence of so many tramps in the town was also discussed and it was decided to offer to act with the constable in any effort which will rid the town of the undesirable element. Constable Jos. Roderick, was commended for his action in stopping the proposed prize fight on last Sunday in Alvarado, and was requested to take some vigorous action to stop the use of profanity on the main street of the town which is growing to be a serious nuisance.

CLASS DAY OF 1911 AT CENTERVILLE WEDNESDAY

The Class Day exercises of the class of 1911, will be held in the Centerville town hall next Wednesday afternoon commencing at two o'clock. All members of the class are to take a part in these exercises. The program for the day will consist of the following: Address by the Class President, Doris Jacobus; Class Will, Edward Falk, Helen Blacow, Flora McKeown, Mae Borges, Mable Fowler, Mary Keller, Muriel Plummer, Josephine Blacow, Earl Trimmingham; Address to the Undergraduates, Edward Falk; Class Song, Harriett Baldwin; Class History, Tracy Crane; Valedictory, Lillian Stivers.

All who are interested are cordially invited to attend these exercises.

CENTERVILLE

Mrs. Kate Leggenhager, a daughter of Mr. and Mrs. John Santos, died at her home in San Jose last Saturday morning after an illness of several months. The funeral was held Tuesday from the Catholic church in Centerville with interment in the Catholic cemetery.

E. M. Stevenson, Robt. Anderson and Mrs. Jane Stevenson have purchased an 1800 acre tract of land at Gault of the Whittaker Ray Co.

It is hoped that the property owners along Second street will endeavor this year to make the shade trees grow which have been replanted in place of those that died last year. In time, Second street ought to become one of the attractive streets of Niles and a little care this year, ought to give the trees a good start.

POPULAR OPERETTA TO BE REPRODUCED

The people of Niles will be pleased to hear that the popular operetta "Princess Chrysanthemum", presented some months ago under the direction of Miss Mayberry, is to be given again for the benefit of the Niles Free Library Association, early in June.

The association is endeavoring to raise money to pay the insurance on its building. The rate is a very high one owing to the presence of the garage adjoining and the association finds itself without funds to meet its insurance having spent what little it had to fit up the room. The present tenant of the building has advanced the cost of placing a new roof on the building which will use up the rent for some time to come. The only expense the association now has is for its insurance but the membership of the association is too small to enable it to carry it at present.

IS WORTHY OF COMMENDATION

It is not always that the Press agrees with Constable Roderick, but certainly feels that he is to be highly commended for stopping a proposed prize fight which was booked to come off between a Jap and a white man at Alvarado last Sunday. Such exhibitions are a disgrace to a community, and Constable Roderick did the right thing in preventing it.

MOTOR CAR SERVICE IS GAINING MANY SUPPORTERS

A motor-car service between Niles and Redwood City across Dumbarton bridge by way of Centerville and Newark, has been unanimously endorsed by the Chamber of Commerce of the various towns and our people generally during the past week, and the Southern Pacific has been asked to install such a service.

The suggestion was first proposed by H. M. Toy of the Newark Development Co., and has been supported with great enthusiasm by our people who have been advocating such a move for some time. There is no question if such a service is inaugurated it will not only prove very popular with our people but also profitable for the railroad company. It would at once enable the people of the township to avail themselves of the excellent schedule on the main lines of the company on both sides of the bay and would undoubtedly aid materially in increasing the population along the line of the Dumbarton cut off. A petition to the transportation committee of the Niles Chamber of Commerce consisting of C. Runckel, G. F. Sullivan and J. Jacobus was unanimously adopted Tuesday evening, a similar petition having been sent by the Centerville and Newark bodies also. The Newark Development Co. is also working hard for the proposition and it is hoped that the railroad company may soon comply with the request.

ARBOR DAY AT ANDERSON ACADEMY

Arbor Day celebration, an occasion that is looked forward to yearly, with much pleasure in this section, occurred last Saturday at the Academy in Irvington.

The exercises commenced with the tree planting. A red oak was this year planted by Mr. George Beard, who graduated at Christmas time. Mr. Breed made a short address to the guests and boys and turned over the historic shovel to William Breedon of the class of 1912, who gave a witty reply.

The main address of the day was given by Mr. Hugh Goodfellow of the firm of Goodfellow and Eells of San Francisco. Mr. Goodfellow's address, and sound advice to the boys and was a source of enjoyment to all those who were present.

Following the address, lunch was served in the unique and most pleasant manner that is always used at Anderson on Arbor Day, and at two o'clock there was dancing, the final pleasure of the day, closing at four thirty. An unusually large number were present from home and about the bay region and the day was considered one of the pleasantest ever enjoyed at Anderson.

TRAINLOAD OF BOOSTERS FROM SANTA CRUZ

A trainload of Santa Cruz boosters with two bands will be in Niles Sunday morning and invite the public to come out and meet them.

PRINCIPALS' CLUB MEETS

SCHOOL ATTENDANCE OFFICER APPOINTED—OTHER IMPORTANT MATTERS DISCUSSED

A most interesting and instructive meeting of the Principals' Club of Washington Township was held in Niles at the residence of C. Runckel last Monday evening. County Probation Officer Christopher Ruess and Deputy Probation Officer, Robt. Tyson were present. The Club listened to a very instructive talk by Mr. Ruess regarding the changes in the compulsory school laws, the school attendance and the various laws affecting minors. Under the new law the school money for the support of the schools will be based upon the school attendance. In order to meet the requirements of the situation in the country section of the county, the county probation office has detailed one of the deputies, Robert Tyson, to act as school attendance officer and the probation office will hereafter act with the school trustees and principals in dealing with cases of truancy and non-attendance at school of children under fifteen years of age. The various phases of the new law and the best methods of cooperation in carrying out its intent were discussed.

The meeting served to bring out many questions of vital interest affecting the relations of the parents, pupils, teachers, and the probation officers. With the beginning of the next school year, an entirely different condition of affairs will obtain and the meeting held Monday evening will certainly be productive of much good in the future.

Those present at the meeting were Jos. Dias, President, Centerville, T. E. McCarty, Vice Pres., Alvarado, F. M. Vincent, Secy., Niles, F. K. Reynolds, Treas., Irvington, and Principals Lazarus of Warm Springs, A. Rathke of Newark, Runckel of DeCoto, Armstrong of Mission San Jose, Bacon of Pleasanton.

The next meeting of the Club will be held at Alvarado on Monday evening, May 29, at the home of T. E. McCarty.

At no time in the history of the township has there been a more active and harmonious organization of the school men of the township. The association is purely a voluntary organization having for its purpose the promotion of the best interests of the schools of the township and it is gratifying to note the splendid interest being shown by the various principals.

DALTON ACCUSED OF TAKING A BRIBE

Henry P. Dalton has been arrested on a charge of having accepted a bribe from the Spring Valley Water company. It is charged that \$5,000 was paid to him Thursday by an official of the Spring Valley Water company.

The arrest has caused a profound sensation in political circles and will undoubtedly lead to other interesting developments. Dalton has always been a popular official with the people in this section.

One of the grim humors of the case is that the Spring Valley Water company should be the virtuous corporation to be held up and that the rap to catch Dalton should be set by the faction that has always enjoyed the friendship of that and other corporations and has always been opposed to Dalton.

ROUND THE BAY EXCURSION TO NEWARK

The Newark Development Co. has arranged for the first round the bay excursion across Dumbarton Bridge for next Sunday, May 21. The train will leave Oakland at First and Broadway at nine o'clock a. m. and after stopping a few hours at Newark will return by way of Redwood City to San Francisco, making the complete loop.

Tickets for the round trip will be \$1.00. Lunch will be served at Newark. Mr. Toy of the Newark Development Co. expects to have a number of excursion trips this summer.

CALLS FOR A CHANGE

The Press believes that the Board owes it to the schools of the county that at least one of the members of the county board of education should be engaged in active school work in the schools over which the board has jurisdiction. At present not a member of the board is a teacher in the county schools. The teaching force of the schools governed by the county board is absolutely unrepresented. As most of the schools of the county are now situated in Supervisor Horner's district it would seem that he at least should see that they are represented on the board so far as his recommendation is concerned. Neither the Press nor the Principals' Club has a candidate for the position and would doubtless be satisfied with the appointment of any principal in the district. The present member of the board, Wm. McDonald of Livermore is an estimable gentleman but is no longer engaged in the school work, being a deputy under County Administrator, Mehrman in Oakland. All the other members of the board are from Berkeley or Oakland working under an entirely different administration. It is not only right but it is a mere matter of justice to the schools of the county that the board of supervisors select at least one member from among the grammar school principals who are obliged to meet the conditions set for them by the county board. It is bad enough to have our county schools all supervised and governed by an Oakland board but it is absolutely unjust and indefensible not to give the schools of the county any representation whatever on the board. It would seem that the exigencies of the political situation ought to be satisfied by having one member of the McDonald family the road overseer at Livermore and the other an appointee under the County Administrator without throwing in the only representation that the country schools have on the County Board of Education. As the editor of the Press is not a candidate for the position and has no friend seeking the position and would offer no objection whatever to Mr. McDonald were he engaged in the schools of the county, he can not be charged with a personal motive. We are advocating only what is just and right.

NEW LAW MUCH STRICTER

The new law respecting the sale of tobacco and cigarettes to minors is much stricter than the one now in operation and if properly enforced, will prevent much of the evil now existing. That the new law will be enforced so far as Alameda County is concerned, we are assured. Deputy Probation Officer, Robert Tyson, has been detailed to look after the enforcement of the law as soon as it goes into effect. In connection with this law, the law relating to truancy and non-attendance at school will cooperate to greatly lessen the evils now existing and ought to bring about a much better condition so far as this township is concerned.

A WORD ABOUT THE MANY OLD FENCES

A good work for our Chambers of Commerce throughout the township is the creation of a sentiment in favor of the removal of fences. Alameda county is far behind Santa Clara in attractiveness on account of this same condition, fences having been generally removed in our neighboring county, giving a park and home like effect to rural scenes. If residents throughout our township will take the same action, we shall be much improved. Stock is prohibited from running loose on the highways and a poor fence is no protection and forms an eyesore. The Centerville-Niles road is taking the lead in this direction and this

driveaway is the most attractive of any in this vicinity for this reason.

PROMINENT SPEAKERS

AT CENTERVILLE

Last week we said that a meeting to be addressed by two of the most prominent clergymen round the bay is to be held in St. James Episcopal Church, Centerville. We are able now to say that the speakers are Rev. Mr. Gresham, Dean of the magnificent cathedral now being erected in San Francisco, and Rev. Dr. Cook.

Dean Gresham was some years in San Jose. No man was ever so respected and so popular there as he was. At his vesper services held on Sunday afternoons at 5 o'clock, the church was always full. Presbyterians, Methodists, and even Quakers went to hear him. And not infrequently people had to be turned away for want of room. Those who do not hear Dean Gresham on missions and presented in a broad way, will miss an opportunity they may never have again.

Rev. Dr. Cook has had wide experience in the mission fields. He is a good speaker, and will tell of his own work as a missionary. This will make his address truly realistic.

Of course admission is free. Do not forget the date. Next Tuesday evening at 7:45.

THE IMPORTANCE OF LITTLE THINGS

A two cent stamp is a small thing to look after, compared with the letter itself.

Yet, if omitted, that letter with its all-important contents would be stopped on its mission, and "held for postage".

There are little things to watch when you deal in real estate.

Omitted, serious trouble is invited either now or hereafter.

A little thing may cause a blemish in your title; and a bad title is no little thing. It is a big nuisance.

The two cent stamp is a bigger tax on your letter than the cost of the abstract is on the value of your land.

Irvington

The Irvington chamber of commerce held its regular meeting Monday evening. The question of street lights was again considered as the electric company reported that to place the lights over the center of the street would necessitate a considerable expenditure of money. The question will probably be decided at the next meeting. The advisability of holding the commencement exercises of the Union High School in Maple Hall was brought before the meeting and the Chamber appointed a committee to interview the high school board in regard to the matter. The main argument in favor of the proposition was that a much larger number of people would be enabled to hear Dr. Aked than if held in the town hall in Centerville.

The Meara Construction company has torn down its sheds at Irvington and has moved its forms to Centerville where the company will prepare the concrete blocks for the new \$10,000 Masonic Hall building. Dr. H. W. Emerson who is one of the active promoters of the new hall is also interested in the Meara Construction company.

Robert Irvine who had charge of the construction of the Irvington Branch of the Bank of Alameda County, has been awarded the contract for building the new Masonic Hall in Centerville.

H. D. Ford attended the reunion of the former residents of Amador county held last Saturday near Berkeley.

Mrs. J. Lory is visiting her sister at Concord.

Mrs. Mary Mello of Oakland is visiting her parents Mr. and Mrs. J. Medeiros.

It was reported here last week that G. F. Cokeley formerly of this place was drowned in a stream in Mendocino county.

The building on the old Hugel place occupied by Irvine and Hiduska who are engaged in the chicken business was destroyed by fire this week. The contents of the building which included several incubators were a total loss. The building which belonged to O. N. Hirsch was uninsured also.

The ball game Sunday between the Santa Clara S. A. A. Jr's and the Irvington team resulted in the score of 12 to 11 in favor of Irvington.

Decoto

The dance to be given by the Decoto Social Club this Saturday evening promises to be well attended and all who go are insured a royal good time. The proceeds of the dance will be used to help equip a tennis court on the school grounds and it is hoped the young people will meet with hearty support. Refreshments will be served at the Decoto house.

The offices of Edward Salz have been treated to a coat of paint this week adding much to their attractiveness.

Mr. and Mrs. P. S. Johnson and Mrs. Johnson's sister, Miss Urseline Lemis of San Francisco spent Sunday in Niles Canyon.

The Press reached Decoto a day

late last week owing to a mishap in our office. We hope it will not occur again.

A folder setting forth the resources and attractions of Decoto is being prepared by the Decoto Chamber of Commerce and will be ready before long.

W. Hellwig who recently had the misfortune to break his leg is improving rapidly and will soon be around again with his accustomed vigor.

Mr. Peterson who has been conducting the Albert Silva blacksmith shop is now located in the Frank Goulart shop.

A. J. Pearson who has been assistant agent at Decoto for the past year recently passed a successful examination and has gone to Concord to relieve R. A. Nelson, assistant at that place, who is off on a vacation. F. W. Sheffield of Mt. Eden has taken Mr. Pearson's place at Decoto.
